# UNIVERSAL SUPERFAST DIAMOND BLADE

The OX PU10 award winning professional Series blade is guaranteed to cut granite, natural stone, clay products, engineering bricks, metal, concrete products and all building materials. Designed for safety, while providing smoother quieter cuts, the reinforced center plate helps to reduce vibration while increasing user comfort. The ox professional Series diamond blades are simply the best value for money available in this sector, giving performance you would associate with a professional product at a price that has revolutionized the market. The PU10 blade is designed to work with angle grinders, circular saws, power saws and Tile saws. And there's no need to change blades when making a cut, because this blade is guaranteed to cut all materials on the jobsite.

## DURABILITY

Reinforced center plate for safety reduces vibration and increases comfort

## SILENT

Semi-silent vibration damped providing a smoother, quieter cut

## FAST CUT

Segmented turbo rim produces super fast, aggressive clean cuts

## TOUGH

10mm segment height for extended blade life
